

BRITISH LIQUID CRYSTAL SOCIETY ANNUAL MEETING 2003

Fitzwilliam College, Cambridge
7 – 9 April 2003

Dear Delegates,

This is just a short note as the BLCS Meeting next week approaches.

Please would those of you who have requested accommodation go to the Porters' Lodge on arrival at Fitzwilliam College, where your accommodation will be confirmed and your room key handed to you. Registration, in the Screens, will start at 12.20pm, followed by lunch at 12.40pm and the first talk of the Meeting, by Professor Richard Friend FRS, at 1.40 pm.

The "short" programme can be found on the Meeting website as follows : <http://www-g.eng.cam.ac.uk/photonics/blcs2003/>. At Registration all delegates will receive a pack, which will include the full Programme, the Book of Abstracts and other information relating to the Meeting.

Posters may be set up from 2.00pm onwards on Monday, 7 April, in the Walter Grave Room on the ground floor. The poster boards are approximately 36" x 47" – fixings will be provided.

Should you require directions to Fitzwilliam College, these may be found at <http://www.fitz.cam.ac.uk/about/directions/>. The College is approximately twenty minutes' walk (uphill) from the Bus Station in Drummer Street and approximately forty-five minutes' walk from the Station – taxis will be available from either.

We look forward to seeing you on Monday.

The BLCS Team
